

Dog Etiquette

Welcome

We are looking forward to welcome you and your four-legged friends in our hotel. Enjoy the spacious hotel complex and the beautiful promenade along Lake Lucerne. In the room you will find a black folder with possible walks and excursions around the area. Please note that dogs must be kept on a leash.

Dogs in your room

If your dog is alone in the room please put the card "do not disturb" on the door, so the maid does not enter the room. Please contact the reception when the maid can clean your room.

Your room has a balcony. Please note that the balcony railing is open. It is forbidden to walk on the roof

For hygienic reasons we remove carpets and the bedspread on the bed in the hotel room before arrival. Please do not put your dog directly in or on the beds.

Dogs outside of the hotel

Here your dog can fulfill its natural business:

- Along the lake towards Kastanienbaum
- In beautiful "Steinibachried" about 45 minutes
- Kastanienbaum - Birrholz along the lake about 90 minutes

Please avoid these areas with your four-legged friends:

- Playgrounds
- flower beds, Hotel lawn, public lawn next to the hotel and the private gardens of neighbors
- the hotel and the restaurant entrance

Dog owners are required to correct the business of their dogs. You will receive practical Robidog bag on one of the Robidog containers that are placed anywhere. Please use this.

Dogs inside the hotel

Dogs are welcome in our restaurants, on the terraces and in the bar – but please always keep them on a leash. Thank you very much.

Dogs in public transport

The transport of small dogs (maximum shoulder height or height 30cm) and cats is free of charge, if they are transported in bags, baskets, etc. In all other cases, you have to by a second-class ticket at the discounted price (junior competitions).
